4. Learning Communities
A Call for Proposals to Develop Additional Learning Communities was discussed as outlined and the general consensus was to poll the COE faculty to determine if a cohort-based, interdisciplinary approach to higher education would serve the programs offered by the College.
5. Faculty Evaluation Format
Dean Hayes shared ideas of revising the AAP Faculty Evaluation Form to develop a more comprehensive faculty evaluation system with a range of weights different from 60, 30, 10. A revised draft of the AAP form was distributed and the general consensus was to poll the Faculty Council developing an evaluation that will work for the College of Education and discuss at the next DAC meeting.

Respectfully submitted,
