

Mitchell College of Business
Department of Accounting Strategic Plan
September 2022 – September 2027
(Updated May 2022)

Mission:

Our mission is to provide value-added accounting education, conduct research that improves accounting practice and instructional development, and provide service to the profession, university, and Gulf Coast Region constituencies. Our graduates should have the requisite accounting and information technology skills to become the future ethical leaders of the accounting profession.

Department of Accounting:

- A. Faculty and students will interact with business professionals
 - 1. Enlist at least 8 professionals as speakers for student organizations and/or classes.
